

# Comprehension

## 1 Fill in the blanks to complete the questions and answers about blood type.

**A** Why do Japanese people like judging 1 personality by blood type?  
*性格*

**Reason 1**

Japan has a more even 2 distribution of blood types than other countries. Each blood type is found in a range of 9-38% of the 3 population.  
*分布*  
*人口*

Part 2

In other countries, the distribution of blood types is 4 not very even. The 5 rates for some blood types are very high or very low.  
*均等*  
*割合*

**Reason 2**

In Japan, most people 6 know their blood types. It is 7 easy for Japanese people to talk about them.

Part 3

In other countries, many people 8 do not know their blood types. They learn about their blood types when they need a 9 blood transfusion.  
*輸血*

**B** What do scientists think? *關係*

part 4

- There is no 10 relationship between blood type and personality.
- Some scientists researched the 11 relationship, but they could not find any 12 scientific evidence.  
*科学的な*
